**To: All Spiral Users**

**Re: Changes in the supply side of this industry**

If you are one of the companies who are currently faced with substantial changes to your long time supplier of spirals, we have great news for you. Not only can we offer you support for your existing spiral systems, we can also provide you with a better system on your next spiral purchase.

### **This is what we have to offer:**

**Excellent Experience:** Over 25 years of direct spiral experience, in design, manufacturing and applications involving freezing, cooling and proofing.

**A Superior Product:** Heavy duty, modular sanitary construction, stainless steel, and PLC controlled.

**Many Installations:** Installations all over the United States and would be pleased to show them to you.

**Best Pricing:** Our spiral systems typically cost less than our competition.

On your next spiral application, give us a call and compare. Call 1- 800-998-6111.
